

ARO AUX - STAIN REMOVING AGENT

DESCRIPTION:

ARO AUX - STAIN REMOVING AGENT is a built material of multi ecological surfactants without APEO. It Can effectively remove waxy and pectin on nature fiber, remove oil stain, spot and spinning oil of various fiber. The product is developed for reducing cost of factories, has high valid ingredient and APEO free.

PROPERTIES:

- ❖ **APPEARANCE** : Transparent liquid
- ❖ **PH** : 7.0 – 8.0 (1 % aqueous solution)
- ❖ **NATURE** : Anionic
- ❖ **NATURE** : Diluted with water by any ratio

FEATURES:

- ❖ Well de-oiling ability, excellent defining effect.
- ❖ Oil stably dispersed in water with its excellent properties of emulsifying and dispersing.
- ❖ Exactly used for refining and de-oiling of fabrics within spandex, and not damage fiber.
- ❖ Easy to be washed off.
- ❖ De – oiling of various fabrics.
- ❖ Scouring in pre treatment of cotton and blend fabrics.

SELF LIFE , STORAGE & PACKING :

- ❖ **SELF LIFE** : 12 Months
- ❖ **STORAGE** : under shady and cool condition
- ❖ **PACKING** : 50 kgs Drum

RECOMMENDED DOSAGE:

Directly use : 0.2 – 0.5 % (o.w.f) & Diluted product : 1 -4 % (o.w.f)

PROCESS:

- ❖ The product is high-concentration, its valid ingredient is much higher than the same kind product in market.
- ❖ It can be used directly or after dilution with 3~5 times of water.
Dilute method:
 - 1.) Cold water: add water in high concentrated product and stir at the same time, lay up 15 minutes, diluted solution can be used when stirred even.
 - 2.) Warm water(50-60°C): add warm water into high-concentrated product, then stir it to even.
